Mr Vaal 2021

Mr Vaal 2021 - Werner Volschenk

I would like to thank the Vaal pageants for the platform that I have been given to live my dream.
I have been in the Vaal my whole life and I love the Vaal and it's people.

It is such an amazing honor to represent the Vaal as Mr Vaal 2021.

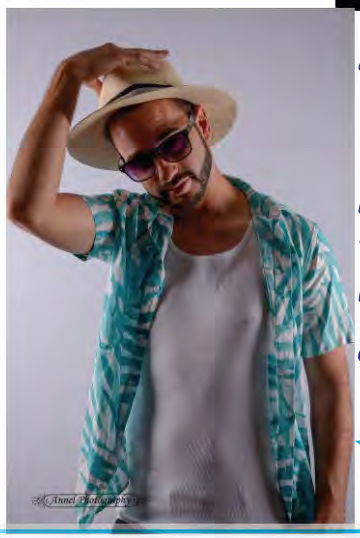

I know that hard work and a lot of love can make a big difference in someone's life. My goal is to make this coming year the most memorable year of my life. I want to leave a lasting impact on the Vaal's business development and community service.

Immediately after Werner became Mr Vaal he did start to make a difference in the community. Werner spent a day with Deneysville children's home, his words was "It was such a blessing to see the children get their Christmas gifts.
We sometimes really forget that we take everything for granted".

It is wonderful just to give, even if it's just your time. We visited Vaal-pets it was fun just to be around the animals.

Last but not least I want to thank all my sponsors and supporters that's making it possible for me to make a difference.

My New years wish:

Wishing you a Happy New year with the hope that you have many blessings in the year to come.

Tips for Glossy hair

Tips to Shiny, Glossy Hair

Start with a Clarifying Shampoo.

Over-shampooing strips the natural oils out of your hair that make it healthy and strong. ...

Pump Hair with Moisture. ...

Blast It With Cold Water. ...

Invest in a Hair Oil. ...

Find the Right Brush. ...

Finish Your Blow-dry on a Cool Setting. ...

Top It Off with a Spray. ...

Get Shiny Hair While You Sleep.

Home remady

Mix three eggs in a bowl.

Add 2 tablespoons of olive oil

1 tablespoon of honey.

Apply the mixture to hair and scalp.
Cover the head with a plastic covering or shower cap for about 30 minutes.

Rinse the hair with cool water and shampoo.

Use sun block

Apply sunscreen approximately 30 minutes before being in the sun (for best results) so that it can be absorbed by the skin and less likely to wash off when you perspire.

Remember to reapply sunscreen after swimming or strenuous exercise.

Apply sunscreen often throughout the day if you work outdoors, and wear hats and protective clothing.

How To Apply Sunscreen

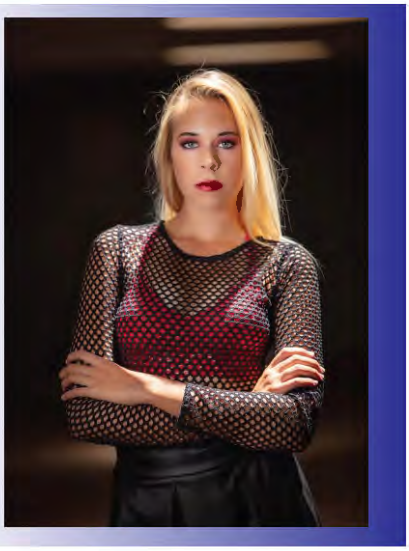

Shake well before use to mix particles that might be clumped up in the container.
Consider using the new spray-on or stick types of sunscreen.
Be sure to apply enough sunscreen. As a rule of thumb, use an ounce (a handful) to cover your entire body.
Use on all parts of your skin exposed to the sun, including the ears, back, shoulders, and the back of the knees and legs.
Apply thickly and thoroughly.
Be careful when applying sunscreen around the eyes

What To Look for When You Buy Sunscreen

Pick a broad-spectrum sunscreen that protects against UV-A and UV-B rays and has a sun protection factor (SPF) of at least 15.
Read product labels. Look for a waterproof brand if you will be sweating or swimming. Buy a nonstinging product or one specifically formulated for your face.
Buy a brand that does not contain para-aminobenzoic acid (PABA) if you are sensitive to that ingredient.
Try a sunscreen with different chemicals if your skin reacts badly to the one that you are using. Not all sunscreens have the same ingredients.
Use a water-based sunscreen if you have oily skin or are prone to acne.

Be aware that more expensive does not mean better. Although a costly brand might feel or smell better, it is not necessarily more effective than a cheaper product.
Be aware of the expiration date because some sunscreen ingredients might degrade over time.
