Glitz & Glam Blekzwearz

Balekan Micheal,

His name is ***Balekan Micheal,*** and his originally from Nigeria.
This is how his journey started since 2012,
I honed my skills working for other designers before launching my own label ***(Blekzwearz)*** some years later, I came to South Africa to pursuer my dream, I used the same skill to get through university until things became too hard and I had to drop out and devote myself to my skills and worked on being a professional fashion designer. I participated in a pageant during my time in varsity (Mr. and Ms. ANS{Association of Nigerian Students} VUT), I happened to be the winner (MR ANS VUT), which means a lot to me, as it was my first fashion achievement.
Each and every contestant's outfit was also designed by me. I have now got my own studio where I do beautiful work. Therefore, now I am working on building my clients, gaining exposure to the industry, and promoting my brand ***(Blekzwearz)***.
I got my business registered in 2021, since then I never looked back.

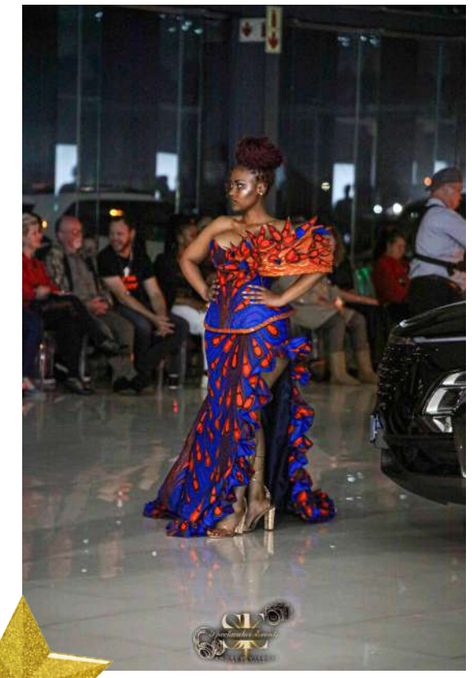

Fashion design is a rewarding career for creative individuals who have a love of fashion and arepassionate about it, is me. I did not choose it, it chose me.
Being a fashion designer brought out and transform ideas into reality. And also the fact that I am ableto meet different people and relate with them.

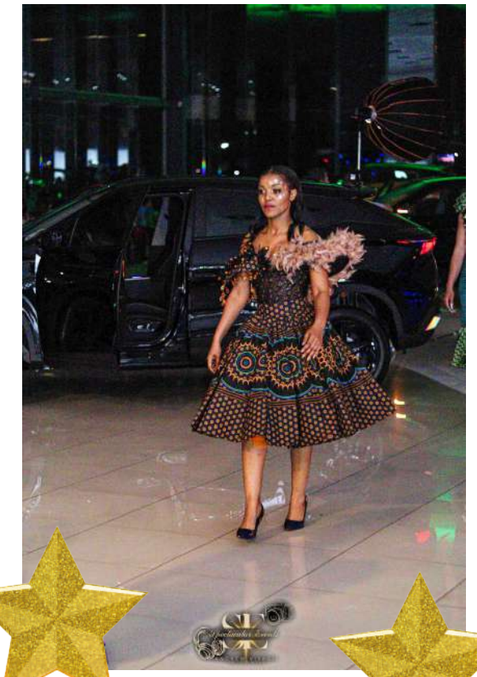

As humans, we can't know everything, I get inspiration from everything around me, and my mind doesn't stop creating. As a designer, I tend to get inspired by my day-to-day activities and my everydaylife.
Every piece of clothing I buy or wear is a representation of my individuality my self-expression, and thecomfort I find in my clothes.
One thing I have learned in this journey of being a successful fashion designer is that I must understandmy customer's needs, communicating with them well, being creative, and thinking outside the box.
The first priority for me is respecting people and people/customers you come into contact with at workevery day and how you communicate and interact with them, also defines work ethic.

My background is not the milk and honey type, it wasn't easy growing up, I didn't go to university or college to study fashion design,
I just found a career that I love so much, I put in my effort and time and Iam happy am doing something I love because most people never get to experience that feeling.
Now that my work is recognizable and distinguishable, a lot of people are now placing some orders (in the name of we are just testing waters) after delivering, a smile on their face become unmatched.
In the next 10 years I envision myself owning my own fashion empire and becoming a global brand by the grace of God.

Media House would like to invite the matric pupils to contack Micheal he makes the most beautiful dresses and suits
You will look breath taking for any event.

Fashion trents for 2024 / 2025

The color palette for spring/summer 2024 fashion includes the following trends:

Soft pastels such as gentle blues, soft greens, and delicate pinks.
Vibrant citrus tones like bright yellows, vibrant oranges, and vibrant greens.
Timeless neutrals, including charcoal gray, royal blue, apricot crush, and pale yellow.

Power Pearls. We love a trend that evolves over time which is exactly what this year's

Mermaidcore, but make it luxe. Fashion Week jewelry trends don't always.

Gold and silver
Big earrings
Spring/Summer 2024 is bringing some exciting trends in fashion jewelry! Here are a few highlights:

Power Pearls: Pearls are making a bold statement this season. Expect to see larger-than-life pearl necklaces and dramatic pearl earrings1.
Ultra-Luxe Ear Cuffs: Ear cuffs are back, featuring crystal and gold designs that climb up the ear1.
Mismatched Earrings: This trend continues from last

We love a trend that evolves over time which is exactly what this year's runways have forecasted for pearl jewelry. While multi-strand necklaces and delicate earrings shaped this fall's approach, pearls for Spring/Summer 2024 are decidedly more bold. At Kimhekim and Sixdo, larger-than-life pearls were worn at statement necklaces. Meanwhile, at Versace, dramatic jacket pearl earrings veered far from the delicate studs of previous seasons.

Fashion trents for 2024 / 2025

Black Pointy Toe Mules
When it comes to classic footwear, few can look past a pair of black mules. These timeless shoes are perfect for almost any outfit, and their versatility will have you wearing them for years on end. With a distinctively pointy toe and a backless heel, you can rock them with your favorite trousers, a midi skirt, or blue jeans. If you want to add a bit of flair, find something with a patent finish, a buckle at the toe, or unique embellishments.

Kitten Heel Sling Back
The humble kitten heel has been a mainstay in the fashion scene for decades, but it's only been in the last few years that we've seen its renaissance. Since its invention in the '50s, these shoes have become a popular choice for blending casual and formal styles, and thanks to their low heel, it is a comfortable choice for all-day (or all-night) wear. The beauty behind these shoes is their practicality - while they offer the visual appeal of a heel, they're low enough for you to stay on your feet all day.

Double Strap High Heel
Stability in a pair of heels can be the luck of the draw, but wearing a pair of double-strap heels can certainly increase your chances. These secure and stylish shoes are the ultimate wardrobe staple, as they're versatile enough to wear with literally anything.
