Message from the Editors desk...

What a privilege to announce that we are introducing a new column "Our God is Glamorous". This column is where you can tell your story of hope, survivor, fear or any miracles. This was a suggestion made by Elzett Swanepoel. Read what God did for her - a miracle.

I would like to suggest that you follow our Facebook page, there is still a lot to come. We did the Brown and Blue colours for the month of September see page 3 and 4 . Did you know that every month has got its own colours?

We celebrated Women's month in August. But I still wonder why only in August? We should celebrate Women's day every day.

We call on all strong business women to encourage other business women to take hands and stand tall together, the business world for woman can be a very difficult and sometimes lonely world and this is why we as woman need to stand together and support each other wherever we can because together we are stronger and we can achieve so much more.

Join us on our Facebook page or send us your story of hope for our new column.

Take care and don't miss out on the fun we have on Facebook. Like us share us....

Glamour greetings till next time

Charmaine

Our God is Glamorous

Elzett Swanepoel

By: Elzett Swanepoe

If you ever look at yourself and feel that you don't measure up, read this and your look out will change before you finish reading it!
This is good to keep, not just to read from time to time, but to also keep stored in your heart.

Enjoy and remember who you are!

When I created the heavens and earth, I spoke them into being. When I created man. I formed him and breathed life into his nostrils.
But you, I fashioned, after I breathed the breath of life into man because your nostrils are too delicate.
I allowed a deep sleep to come over him so I could patiently and perfectly fashion you.

Man was put to sleep so that he could not interfere with the creativity. From one bone, I fashioned you.
I chose the bone that protects man's life, I chose the rib which protects his heart and lungs and supports him, as you are meant to do.

Around this bone, I shaped you....

I modelled you, I created you perfectly and beautifully.
Your characteristics are as the rib, strong yet delicate and fragile.
You provide protection for most delicate organ in man, his heart.

His heart is the centre of his being, his lungs hold the breath of life.

Thank you Elzett for sharing this with us. May our God bless you.
