Die jaar 2018 is hier, Ons is reeds in dag agt! Ek kan nie help om te wonder wat die jaar vir ons gaan inhou nie.
Natuurlik was die meeste mense weg met vakansie, en die wat agter gebly het, het ook dalk 'n paar dae gerus.
Als is nou weer terug na normaal, die skole begin amper weer en ma en pa is binnekort terug by die werk.

Ek wonder maar so by myself, hoeveel mense is daar wat nuwejaar voornemens het?
En dan weet ek dat daar 'n paar goedjies op my lysie is wat ek graag wil doen in die nuwe jaar.
Ek dink aan die woord "nuwe" en die woord sê baie, jy kry weer 'n kans, 'n nuwe dag, 'n week, 'n maand en 'n jaar. Jy kry 'n kans om als oor te doen. Wat was is verby en wat kom is nog onbekend.

Ek voel skoon nostalgies, die nuwe jaar bring nuwe hoop, nog 'n kans! Ek is dankbaar vir die geleentheid wat ons kry en dat ek en jy gespaar is om deel te kan wees van 'n nuwe jaar.
ek het natuurlik nuwe planne vir Top Vibe en daar is baie dinge aan die broei vir die jaar wat voorlê.

Graag wil ek en die Top Vibe span jou en jou gesin net die mooiste toewens vir 2018. Maak die Beste van die jaar! Wees vriendelik, bedagsaam, behulpsaam, geduldig en gee baie liefde en glimlag. Jy het rede om dit als te doen want JY lewe en dit is 'n voorreg.

A CAPTIVATING COMBINATION OF DRAMA AND SUSPENCE

Award-winning scriptwriter, Aaron Sorkin, makes his directorial debut with a compelling action-packed drama about the life of Olympic skier and underground gambling queen, Molly Bloom. Sorkin, known for his work on box office hits, such as The Social Network, Steve Jobs, Moneyball, The American President and A Few Good Men, adapted the script for MOLLY'S GAME from Molly Bloom's book and memoirs and managed to deliver a striking version of her story for the big screen. "In his overdue directorial debut, Sorkin both entertains and makes you lean in to absorb every detail of this wild tale, which boasts a stellar cast to help tell it," says The Hollywood Reporter's Todd McCarthy.

MOLLY'S GAME tells the story of a beautiful and competitive sportswoman (Jessica Chastain) who ran the world's most exclusive high-stakes poker game for a decade, before being arrested in the middle of the night by 17 FBI agents wielding automatic weapons.
This suspenseful movie shows how she tries to protect her players, which included Hollywood royalty, sports stars and business titans during the court case that follows and how things gets even more complicated when she realizes that the Russian mob is also involved. Her only ally is her criminal defence lawyer, Charlie Jaffrey (Idris Elba), who soon learns that there is much more to Molly than the tabloids led the public to believe.

The film was officially launched at the Toronto International Film Festival in September 2017 and has already received several awards, including two Career Achievement Awards for Aaron Sorkin at the Zurich Film Festival as well as the Denver International Film Festival. It was also named the Audience Favourite at the Mill Valley Film Festival.

Acclaimed actress and producer, Jessica Chastain, famous for movies like Interstellar, The Martian, The Disappearance of Eleanor Rigby and Miss Sloane stuns in the role of Molly Bloom and film critics predict that she might even win an award or two for her outstanding performance. Idris Elba (American Gangster, Thor, Pacific Rim, Star Trek Beyond) and the multi award-winning Kevin Costner (Dances with Wolves, Robin Hood: Prince of Thieves, Tin Cup, The Postman, Message in a Bottle, The Guardian) also impress in their supporting roles. The cast also includes stars Michael Cera, Jeremy Strong and Justin Kirk.

MOLLY'S GAME provides the perfect combination of action, suspense and intrigue to captivate and impress any audience. Through a cleverly compiled script, good directing and outstanding acting, you'll get to know Molly Bloom and forget about any preconceived ideas you might have had about who she is. It's a story about a strong, ambitious woman who managed to stand her ground in a male dominated industry and about the price she, eventually, had to pay for it.

The movie is distributed by Ster-Kinekor Entertainment and will be released in cinemas on 12 January 2018.

TONYA HARDING'S STORY HEADS TO THE BIG SCREEN

Two triple axels, various ice skating records and all the technique in the world, means absolutely nothing when overshadowed by one of the most sensational scandals of all time. ***I, TONYA*** is based on the true events behind this spectacle and will keep you glued to your seat until the very end.

Former figure skating champion, Tonya Harding (Margot Robbie), was well on her way to becoming one of the world's biggest ice skating legends. This competitive ice skater has been ambitious and goal-driven from an early age. Her first big breakthrough came in 1991, when she won (with her first triple axel) the U.S. Championships and was awarded the event's first 6.0 ever given to a single female skater for technical merit. At the 1991 World Championships, she again completed the triple axel (becoming the first American woman to perform it at an international event), but finished second to Kristi Yamaguchi. Unfortunately that is not what she is remembered for. Her dreams and career were shattered by her alleged association with an infamous, ill-conceived, and even more poorly executed attack on fellow Olympic competitor, Nancy Kerrigan (Caitlin Carver), by her ex-husband (Sebastian Stan) and bodyguard (Paul Walter Hauser).

I, TONYA is a darkly comedic drama, written by Steven Rogers (*Hope Floats, Stepmom*), that tells the tale of a talented sport star whose success is destroyed by her troubled childhood, her mother's abuse and her stormy relationships. This gripping film, directed by Graig Gillespie (*Lars and the Real Girl*, *Fright Night*), has not yet been released in South Africa but has already received various nominations from film festivals across the globe, including *Best Feature Film* and *Best Actress* at the Gotham Awards in November 2017, as well as *Best Female Lead, Best Supporting Female* and *Best Editing* (Tatiana S. Riegel) by the Independent Spirit Awards, taking place in March 2018. Allison Janney, who portrays the role of Tonya's heartless and abusive mother – LaVona Golden – has also won an Award for *Best Supporting Actress* at the Hollywood Film Awards. This acclaimed stage actress, is known for her roles in *The West Wing*, *American Beauty* and *Juno*.

Furthermore, the film also boasts an excellent cast and has already received a lot of praise for outstanding performances by the lead characters. Margot Robbie, known for movies such as *About Time*, *The Wolf of Wall Street*, *Focus*, *The Legend of Tarzan* and *Suicide Squad*, is commended for her soulful portrayal of Tonya Harding in this fascinating story, while Sebastian Stan can be seen in the role of her ex-husband, Jeff Gillooly. This handsome actor, from New York, previously featured in several television shows, such as *Law and Order* and *Gossip Girl*, and also starred in the *Captain America Franchise*, *Riki and the Flash*, *The Martian* and many more.

Although it initially seems like the movie is actually a comedic spoof of the heartlessness of a tabloid driven nation, you soon realise that it is about more than meets the eye.

I, TONYA promises to captivate audiences, not only because of outstanding acting and direction, but also because it proves the innocence of a woman who was judged by the world and abused by those who were supposed to love her most. *"This movie returns Tonya to being what she always was: a great skater, and a human being with a dream of downscale flash*

Top Vibe & SK GREAT MOMENTS AT THEIR GREATEST VAALMALL Movie Review

Star Wars - The last Jedi

★★★

When it was released in 1977, the first Star Wars movie only bore the title Star Wars. Later, the subtitle A New Hope was added — and with it, a subtle intimation of what this series is all about. The Star Wars saga explores lots of ideas, but one it keeps cycling back to is the idea of hope. Where does it come from? Why? And when it looks like the last glimmer of hope has been extinguished, is there any reason to go on?

Rating ★★★

For decades, each Star Wars installment has explored those ideas, moving from hope to despair and back again as a fundamentally moral political battle wages between a dark side bent on its own immense power and a scrappy bunch of rebels who dare to think everyone matters. And now, 40 years after it all started, the eighth installment in the Star Wars series, The Last Jedi, retreads that basic setup with a mastery that isn't just reminiscent of the series' best entries, but takes its place alongside them.

The Last Jedi moves The Force Awakens' characters forward
I don't want to spoil the movie for you. You don't want that either.

So let me just say...

(Seriously, if you don't want any spoilers at ALL, not even basic place-setting stuff, then just take my word for it and go see the movie.)

...that The Last Jedi picks up more or less exactly where The Force Awakens left off, with the evil First Order ready to strike back against Resistance forces in retaliation for destroying their superweapon, the Starkiller Base. The rebel army is still led by General Leia Organa (the late Carrie Fisher, in her final Star Wars appearance). Hotshot Resistance pilot Poe Dameron (Oscar Isaac) — with his droid pal BB-8 — is out in front in the counterattack, going briefly rogue to accomplish his mission, while Finn (John Boyega) is healing from the wounds inflicted on him by Darth Vader heir-apparent Kylo Ren (Adam Driver, who continues to knock it out of the park).
