Vadersdag boodskap

Vadersdag is een van daardie lekker dae van die jaar wat mens die pappa van die gesin so bietjie ekstra kan bederf en kan wys hóé spesiaal hulle is. Vadersdag word die derde Sondag van Junie gehou en is in Amerika 'n amptelike instelling.

Soos met baie oulike dinge is die oorsprong van Vadersdag nie seker nie. Of dit nou vanaf 'n kerkdiens in Wes Virginia in 1908 ontstaan het, of nie, maak nie afbreuk aan hierdie lekker geleentheid nie.

In 1924 het President Coolidge dit 'n nasionale geleentheid in Amerika verklaar met die volgende mikpunt: "to establish more intimate relations between fathers and their children and to impress upon fathers the full measure of their obligations."

Dankie aan al die wonderlike vaders wat genoeg van hul gesinne dink om 'n mooi voorbeeld van Christelike leierskap te toon. Vir u wat nog gereeld saam met die gesin bid en boekevat, kan ek maar net sê, beter hoekpale as liefde, geloof in Jesus Christus, die Bybel en gebed, kan daar nie wees nie.

Mag die Here u besonder seën, terwyl u u gesin versorg, leer en lei.

Vaders dit is belangrik om met jou kinders te praat, luister na hulle, en moet nie oordeel nie.

Wees 'n vinnige hoorder en 'n stadige praater.

Die Bybel sê dit tog vir ons.

Geniet julle Vadersdag, en waardeer jou gesin!!!!

Vriendelike groete

Niche Vibe profile Louise Peters - Designer of the year 2011 from Louise Designs.

1. What do you think are your relevant achievements in your career that contributed to you winning this award?

I have taken part in other competitions such as the Smirnoff competition whilst studying.
I also entered into a Miss Earth designer competition, and also took part in designing unique outfits for various fashion shows.
These experiences shaped the way in which I perceive and interpret themes.
I have also designed a winning national costume for Hanri van Schalkwyk which she wore at the Miss tourism, model of the world in Tanzania in 2006
She appeared on the front-page cover of the Zimbabwean travel magazine wearing the winning outfit I designed for her, it was quite an achievement for me.

2. What do you consider to be your greatest strength/s as a businesswomen and designer?

My greatest strength as a businesswoman and designer is my artistic flair coupled with perfectionism in the design that being an individualist. I also feel that it is my competitive strength in having the ability to combine different fabrics, textures to create new concepts and ideas in design.

3. To what would you ascribe your success?

I ascribe my success to the way that I view every person that walks through my door as equally special and important.
I strive to give them a unique product that is perfectly designed for them.
I don't believe in mass production as providing quality to my client is the upmost importance to me...

4. What challenges did you need to overcome in order to achieve success?

In 2005 I was diagnose with SLE. I had to make quite a few adjustments in overcoming this new challenge to be able to continue with my work. My condition changed the way I viewed the world and myself. It made me more dependent and reliant on other people for assistance both in my career and personal life.

5. How did you overcome these challenges to become stepping-stone for you?

I had to find someone to work with me who I can trust to do the work the way I prefer it o be done. A lady by the name of Koeksie crossed my path and we have really developed a wonderful working relationship as she has become a source of strength through her understanding and support especially in difficult and trying times. I really believe that we have used our challenges to enable the work team to grow.
These challenges also become a stepping-stone for me as other new doors opened up offering different opportunities and possibilities both in my career and personal life.

6. Is there another side to you that most people are unaware of? What do you enjoy doing as a hobby?

I love literature, books as I enjoy reading particularly taking in spending quality time by reading storybooks to my four- year old son. I especially take pleasure in finding new storybooks for him. I also enjoy teaching him songs and children's poems as in this way we have all mastered the South African anthem of Nkosi Sikeleli Afrika as well. I appreciate doing things outdoors in nature such as bird watching with my husband, going hiking with my family and visiting the Kruger National Park once a year.

7. What motivates, inspire and makes you tick within your business and life?

My faith and trust in God as well as having a supportive network of loving and caring people in my business and life.

8. Who is your role model in your business and life?

Both my parents are my role models as we are very close, and they support and encourage me in everything I do in my business and help me with every step of the way I take in my life!

9. How do you balance your business and your personal life?

I have a fantastic support system from my family that really helps me to succeed in my business. My studio is at my parent's house and as a result of this convenience my mother helps me with attending to the care and needs of my son. I love what I do and spend a lot of my time in meeting my client's requirements and expectations, especially with special design needs.

10. What inspirational quote or saying would you like to share with other people wanting to enter the world of design?

" Be the change you want to see in the world."

Online dangers and practical responses.

Most public libraries provide adult and children with Internet access. When Toni, the chief librarian, recently spotted three separate men and a group of giggling girls viewing pornographic material on the library's terminals, she had no idea how to respond.
She says she feels uncomfortable providing such material for the public, but so far Federal courts across the country have ruled that banning the Internet from public institutions or even filtering its contents " offends the guarantee of free speech" and "restricts First Amendment rights"

Most people of conscience, is morally confounded by technology that links together nearly half a billion people in a " Worldwide Web" - a global village - allowing instant, anonymous exchange of uncensored text and images. Anyone in this virtual - metropolis can put anything online.

Anonymity:

Since you can't see the person face-to-face, you have NO guarantee the person you're communicating with is who he / she says they are. For example, a 20-year-old woman looking for a similarly aged man might meet a guy online, only to discover he is 60.
Even if you exchange photos with the person, you never know if they are that person's photo.

Financial Risk:

Scam artists use the online dating (facebook) realm to gain your trust and eventually try to use that trust or so cold love to gain access to your finances. For example, if a man lives in another country he might ask you to help him with money for his sick child or for a plane ticket by either sending him money or allowing him access to your account. When his has the money, he deletes his profile so you won't be able to find him again.

Don't be fooled by anything like this, they make you feel so special - even fall in love. Remember, it is easy to create an e-mail address. One can have at least 5 different e -mail addresses. They can even send you documentation to confirm what they say is true. Investigate all documents.

Facebook:

Facebook claims it has 400 million users, but are they well-protected from prying eyes, scammer's and unwanted marketers?
NOT according to Joan Goodchild, senior editor of CSO (Chief Security Officer) Online.
She says your privacy may be at far greater risk of being violated than you know when you log onto Facebook, due to security gaffes or marketing efforts by the company.

Facebook came under fire a few weeks ago, when 15 private and consumer protection organizations filed a complaint with the Federal Trade Commission, claiming that the site, among other things, manipulates privacy settings to make users personal information available for commercial use. Also some Facebook users found their private chats accessible to everyone on their contact list - a major security breach that's left a lot of people wondering just how secure the site is.

Ladies if there is a certain man who inbox you on facebook, want to be your friend, and later tells you that he loves you, and then he urgently needs money. If this person approaches you please write to us. There is an investigation ongoing. You can stay anonymous. Send your letter to:
Facebook friend P.O.Box 60130 Vaalpark 1947.

Parents:

For children of any age the Internet opens up a world of possibilities for learning and exploring. Unfortunately, it also presents some risks.

Child victimization:

* Approximately 1 in 25 youth received an online sexual solicitation where the solicitor tried to make offline contact.
* Only 27 % of children who received unwanted sexual material online in that time period told a parent or guardian.
* In more than one-quarter (27%) of incidents, solicitors asked youth for sexual photographs of themselves.
* 9% of youth Internet users said they were harassed online in a one-year period of time.

This is just the tip of an ice berg. Parents keep a close watch on what your child do on Facebook or the Internet.

Car show @ Nando's Vanderbijlpark

By: Martin Smuts- Vanderbijlpark.

The organizers of the car show that was held on 6th May 2012, took advantage of the newly, beautifully renovated Nando's in Vanderbijlpark to host their show. As we all know, a good venue, allot on display, and an incredible vibe will attract allot of attention, which on this day.... IT DID.

This was a fun day out for car and customizing enthusiasts, with competitions like SPL, Show & shine and glow in the dark, it was jam packed with entertainment. The Nando's was, as always, the best place to go and grab a bite with their famous flame grilled chicken and excellent customer service. Feel free to pop into any Nando's to see what new specials they have on offer.

Different makes and models of cars could be seen here, from an old school restored and customized 1980's escort to cars doing 150db+ with custom car stereo's to a brand new customized BMW 5 series and Renault Megane RS 250 Cup. All the entrants were awarded with a certificate and a trophy to show off their achievements.

Overall it was a great day out with friends and family. I'm sure there will be many more events like these in the near future. Make sure to get your copy of Top Vibe Magazine to stay in touch and be informed about what's happening in and around the Vaal Triangle.

Hierdie vriendelike dames sal jou bederf.....

Dit 'struggle' maar 'achieve' nie.

Deur: Johann Marx, Roodepoort - (Beeld koerant)

Mnr. Carl Niehaus pasperfek in die ANC en dit behoort vir die hele wêreld duidelik te wees.
Die hele organisasie bestaan uit 'n klomp *strugglers*. Nie een enkele *achiever* onder hulle nie, net *strugglers*.
Niehause het nou die top-pos oorgevat as die hof-*struggler* in die ANC.
Terwyl hulle *struggle* om die waarheid te praat, *struggle* om nie geld te steel nie, *struggle* om nie handtekeninge te yervals nie, *struggle* om nie draaie te loop om uit die howe te bly nie en *struggle* om hulle verkiesingsmanifes na te kom teenoor hulle kiesers, *struggle* Niehaus om uit die skuld uit te kom.

Terwyl hulle *struggle* om die land te regeer en die een na die ander monument en straat en stad (wat deur die haatlike wit mense gebou en tot stand gebring is) na nog 'n obskure *struggle* te noem, verander die hele Suid-Afrika in een groot *struggle*.

Jy *struggle* om 'n rybewys te kry. Jy *struggle* om 'n identiteits dokument te kry. Jy *struggle* om 'n paspoort te kry. Jy *struggle* om 'n polisieman te kry as jy een nodig he. Jy *struggle* om jou munisipale dienstetariewe te verstaan en te regverdig. Jy *struggle* om 'n dokter by 'n staatshospitaal te kry.....alles het verander in een groot *struggle*.

Hoe lank gaan dit vat voor hierdie land weer in 'n land vol *achievers* verander?
Op die oomblik is die *achievers* besig om in strome die land te verlaat.....

From the hart of a man....

By: Gert Verwy.

Never, never, never give up.

One day I decided to quit. I quit my job, my relationship, my spirituality. I wanted to quit my life. I went to the woods to have one last talk with God.
"God", I asked, "can you give me one good reason not to quit?"
His answer surprised me. " Look around you", He said, 'do you see

The fern and the bamboo?

"Yes", I replied. 'When I planted the seeds, I took very good care of them. I gave then water. The fern grew quickly from the earth. It's brilliant green covered the

Earth. Yet nothing came from the bamboo.
